Diversified Royalty Corp. Announces First Quarter Results

For Immediate Release – not for distribution to US news wire services or for US dissemination.

Vancouver, BC, May 9, 2019 – Diversified Royalty Corp. (TSX: DIV and DIV.DB) (the “Corporation” or “DIV”) is pleased to announce its financial results for the three months ended March 31, 2019 (“Q1 2019”).

Highlights

- Revenues of \$6.4 million for Q1 2019 compared to \$6.0 million in Q1 2018, 6.7% increase.
- Mr. Lube added four new stores to the royalty pool, which increased from 118 to 122 locations on May 1, 2019.

First Quarter Results

In Q1 2019, DIV generated \$6.4 million of royalty revenue and management fees compared to \$6.0 million in the three months ended March 31, 2018 (“Q1 2018”). Revenues of \$3.7 million were generated from Mr. Lube Canada Limited Partnership (“Mr. Lube”), \$1.0 million from Sutton Group Realty Services Ltd. (“Sutton”), and \$1.7 million from the AIR MILES® licenses. Higher revenues were primarily due to the increase in Mr. Lube’s royalty income of \$0.4 million driven by the increase in the Mr. Lube royalty rate and the net addition of one Mr. Lube location to the Mr. Lube royalty pool on May 1, 2018, as well as positive same-store-sales growth (“SSSG”).

SSSG for the Mr. Lube stores in the royalty pool was 5.6% in Q1 2019, compared to 4.6% in Q1 2018. Sutton’s fixed royalty increases at a contractual rate of 2% per year, which effectively represents 2% SSSG. According to Alliance Data Systems Inc.’s (“ADS”) news release dated April 25, 2019, the number of AIR MILES® reward miles issued increased by 3%, while AIR MILES® reward miles redeemed decreased by 8% in Q1 2019.

First Quarter Commentary

Sean Morrison, President and Chief Executive Officer of DIV stated, “Mr. Lube had another solid quarter, and the four new flagship locations added to the Mr. Lube royalty pool are expected to generate incremental distributable cash of \$0.4 million per year. We are confident that Mr. Lube will continue to deliver robust results as it executes on its growth strategy. We continue to pursue and evaluate acquisition opportunities to deploy our cash on hand of approximately \$76 million.”

Distributable Cash

In Q1 2019, distributable cash was \$4.8 million (\$0.0446 per share), an increase of \$0.3 million (\$0.0019 per share) compared to Q1 2018. The increase was primarily due to the growth in revenues, which increased due to the factors noted above. The increase in revenues was partially offset by higher interest expense related to the \$7.0 million increase to ML Royalties Limited Partnership’s term loan facility on May 1, 2018.

In Q1 2019, dividends declared exceeded distributable cash by \$1.2 million, which resulted in a payout ratio of 124.6%. In Q1 2018, the payout ratio was 130.1%. The Corporation’s payout ratio in the first quarter is impacted by seasonality in both AIR MILES® and Mr. Lube, as both businesses typically see lower sales in the first quarter of the year.

The Corporation has a dividend reinvestment plan that allows the dividends to be settled through a reinvestment in the Corporation's shares at the election of the shareholder. On a cash basis, the payout ratio was 106.6% in Q1 2019 compared to 114.3% in Q1 2018. The shortfall in distributable cash was funded with the Corporation's cash on hand.

The Corporation intends to use its \$76 million cash balance to fund future royalty acquisitions, with the intention of achieving a payout ratio that approximates 100% over time. The Corporation expects the payout ratio to remain over 100% until such time as further royalty acquisitions are completed and excess cash has been deployed.

Net Income

Net income for Q1 2019 was \$2.5 million, compared to net income of \$2.6 million in Q1 2018. The decrease in net income for Q1 2019 was primarily due to the fair value adjustment on interest rate swaps and higher interest expense partially offset by the growth in revenues and lower income tax expense.
